

iLeap

Independent Living Employment Assistance Program

What is it?

iLeap is an employment support program.

Who is it for?

iLeap is for any consumer wishing to find a job, develop a career, or become a volunteer. Even if you have just begun to consider entering the workforce, or if you are undecided about whether or not you want to begin working, come and talk with us.

What can iLeap do for me?

The *iLeap* program can help you become ready for the workforce by helping you become “work ready,” while also helping you chose the job path that suits you best. *iLeap* will also help you with job search skills, such as resume writing, job interview preparation, job hunting, and in the future job coaching.

How do I find out more?

Call the Centre and ask to speak to one of our *iLeap* program facilitator.

**Ottawa Independent Living
Resource Centre**

Promoting a new perspective on disability
